

Dissemination Project Proposal

Introduction

A short background to your project and how your ideas have been generated.

Project

Give a short summary of the project concept and how it will fulfill the goals of this dissemination initiative

Is this project designed to disseminate the fact of the Urantia Book, or the teaching and truths of the revelation, or both?

Target Areas

What are the target areas that this project is intended for?

Will this project be designed to introduce new readers, approach Christians or other religious groups, students, new age groups, academic community, etc?

Methods of Communication and Outreach

This involves:

- What is the message of this project regarding the fact, teaching and truths of the Urantia Book?
- Description of how you will reach potential readers? What methods of communication? Will you use the internet, interfaith communities, local societies, study groups, individual reader initiatives?

Project Strategy

A properly articulated business project strategy is the foundation of your project. Please outline the key elements of the strategy that will bring this project to fruition.

Will this project require training of individuals or groups?

Will this project use methods of dissemination based on patterns for epochal revelation as found in the Urantia Book?

Will you be able to use the talents of local study groups, societies and young adult readers?

Management Team

What type of talents and commitment will you need to execute on your project strategy?

Project Funding

What are the main expenses you expect to be associated this project?

Where are areas that you can use volunteer labor to accomplish the tasks?

Do you have any ideas or thoughts on how to creatively fund this project outside of financial assistance from the Fellowship?
